### PROFESSIONAL SUMMARY

As a final-year undergraduate who has completed all degree requirements with a current GPA of 3.07, I am a dedicated and adaptable individual with a strong passion for exploring new technologies and embracing challenges. Committed to continuous growth, I aim to build a reliable and impactful career as an IT professional.

---

### EDUCATION

**Bachelor of Information Communication Technology (Hons) (3.07 GPA)**

(2020 - 2025)

University of Vavuniya, Sri Lanka

---

### TECHNICAL SKILLS

- Programming Languages : Java , C#, C++, Java Script, Python
- Databases : MySQL, MongoDB
- Frameworks : Spring Boot, Node JS, React, React Native
- Tools & Platforms : GitHub, Postman, Figma, WordPress, Excel

---

### Experiences

- Fuchsius Pvt Ltd (6 months as intern fullstack Web developer)

---

### PROJECTS

#### Basic CRUD System - Java Spring Boot

- Implement a simple CRUD (Create, Read, Update, Delete) web application using Spring Boot. The system allows users to manage records with basic operations. Used MySQL for database storage and implemented RESTful APIs for smooth data handling

#### Foodie - React Native

- A food ordering mobile application developed using react native and node JS where customers can check meals and order as they required.

#### Heartbeat shop - React JS/Node JS

- Online bag store website to buy bags online using React JS/Node JS

#### Shoppe - HTML/CSS/PHP

- Online Clothing store website to buy bags online using HTML/CSS/PHP

#### UOJ Sports Club Management System - C#

- A desktop application for managing sports items. Users can borrow items from the store and the admin can manage sport activities using C# and mysql

#### Travel Guide Website - HTML/CSS/PHP

- Travel guide website that enables travelers to find places, and get services around Sri Lanka using HTML/CSS and PHP

---
